FACULTY

School Starts With The Principal

A High School principals work is difficult and demanding. However, Mrs. Bagby, our principal, has always found time to be a visible administrator. Assigned to Barringer High School as principal in 1978-79, she quickly asserted herself by assuming firm control of a hectic situation. Her Philosophy of strong authority, tempered with sensitivity and understanding, became a viable solution to the in-numberable problems that confront the administration in a school as large as Barringer. While being involved daily in decision making with faculty members, guidance personnel, and outside groups, she has always maintained contact with the student body by being available for consultation on various issues. In our day to day activities, some of her behind-the-scenes actions we might not have been aware of, but. . . She was always there-with a smile.

As the school year unfolds, a proportional rise occurs in the complexity and variety of administrative responsibilities. Shouldering the additional burdens, and assuming an ever increasing role in school administration, are the Vice-principals. Each one supervises a certain phase of the work, thus dividing the tremendous task and assuring more efficient administration in all areas. The V.P.'s are an essential aid to the principal, assisting her with her many duties as well as fulfilling their own jobs in the most efficient way possible.

A Smooth Organization

The secretaries in the main office and guidance office have jobs that only highly skilled organizers can handle. Without them Barringer could not function. Their jobs include doing all the correspondence, school records, clerical duties, and of course answering the numerous phone calls that the school receives everyday.

Art

The creative approach is the direction the Art Department follows in relating the subject of Art to the realities of life. Art Foundation, Art Survey, General Art, and Studio Art comprise the course offerings. These Art courses are designed to encourage awareness of esthetic values; to explore various Art media and materials; and to develop the creative potential of each individual. Many senior Art students graduate from Art schools to become Commercial Artists, professional photographers or Art instructors.

Is it inches or meters? How do you use a computer? Is there a new math? In answering some of these questions the Mathematics Department stimulates the students to develop a working knowledge of basic math skills in preparation for employment or daily life. Courses for the college bound students or the exceptional individual are in the math curriculum. In this age of rapidly advancing technology and use of computers, the knowledge of Mathematics becomes increasingly significant. Chairman Vincent Guarino.

Business Education Training has resulted in employment for many thousands of Barringer graduates. Students are trained for entry jobs such as secretaries, bookkeepers, typists and clerks. Young people also learn how to cope in society and in their own homes by becoming familiar with real life situations: keeping a check-book, buying insurance, keeping a budget, filing income tax returns etc. While the department prepares students to succeed and advance in business, the outstanding students are encouraged to go to college to pursue professional careers in accounting, computer programming and the teaching of Business Education.

The study of modern foreign languages is vital to communication in a shrinking world. An asset in many ways: business, industry, commerce, civil service, education, law, media, science and many more jobs. At Barringer the Foreign Language Department aids the student in the progressive ability to speak, read, express, and ultimately to comprehend and enjoy a second language. The geographical, political, and cultural aspects of the foreign nation are studied as well as its contributions to western civilization. Colleges today are offering career oriented foreign language programs. Anyone with a foreign language major in college is in a strong position to follow a career as a language specialist in a number of professions.

In order to be technologically literate in today's world, the high school graduate must have a basic understanding of Science. Barringer is the only Senior H.S. in Newark in which the Science Department includes Electricity and Electronics among its courses. The Science Department also offers Barringer students a wide selection of both college and non-college bound courses. The Honors integrated science program offers a two year unified study of Chemistry and Physics with a unique team teaching approach. Tutorial assistance is provided to all Science students. The Science Department presents the following mayor awards to outstanding seniors:

The Otto Melito award - excellence in Biology, Chemistry, Physics.

The Roger B. Saylor Medal - excellence in Science.

The William Pecora Medal and cash award - initiative and creativity in Science.

The Ressler Medal - academic excellence in Science.

Bausch and Lomb Medal - academic excellence in Science.

Physical Education

Physical fitness seems to be an increasing concern in America today. Our Physical Education Department offers courses and activities that motivate Barringer students to pursue a higher degree of fitness. Through sports such as Volleyball, Basketball and Track, the participants develop their skills and bodies. Aparatus techniques and exercise routines are employed to maintain strength, improve coordination and encourage social interaction. The department also offers a variety of health education courses to prepare the students for a stable, rewarding, family and community life. Chairman - Frank Verducci.

Social Studies

Why is youth in rebellion? Are the lines between capitalism and Communism blurring? What has man achieved in his evolution through the centuries? These are some of the vital issues that our Social Studies classes consider each day. Through the study of civilization students learn to think, to evaluate, to determine, to interpret, and to apply knowledge to the solution of everyday human problems.

Course offerings such as Law in Action, Sociology, Psychology, and Labor Studies prepare students to be active, aware citizens. Mary Rowson and Nelson Valentin received special recognition for city-wide Student Council membership. Chairman Louis Marolakos.

Music is an important part of a high school students life. The Music Department offers courses such as Music Foundations and General Music to those who seek a general knowledge of music. Specialized courses and activities such as Orchestra, Blue Jackets Band, Latin Band, Chorus, and instrumental lessons are offered to those who desire a deeper understanding of the music world.

Industrial Arts

The opportunity to explore career aptitudes, the development of occupational skills and a general orientation to an industrial environment are offered in the Industrial Arts curriculum. The I.A. department, one of the best equipped in the State, offers Graphic Arts, which train students in the various techniques of etching, engraving, type setting and designing. Metal Shop and Wood Shop designed to develop working skills in a variety of textures and materials. Courses in Photography, Mechanical Drawing and Architectural Design.

To become successful employees, homemakers, and parents, and to learn techniques in consumer awareness Barringer students can elect a course in home economics. The cooperative home economics work study program prepares students to be successful employees through job training and actual part-time employment. Food and Clothing classes develop the students homemaking skills, while Consumer Education teaches purchasing skills. There is also a course titled Early Childhood Education where students actually work with young children in a room decorated and furnished like a nursery school.

To assist each student to understand himself and plan for his future are the goals of the Guidance Department. Besides scheduling courses for graduation requirements, counselors see students for help with personal, social, educational, and vocational matters. Scholarship competitions, Summer Programs such as Upwardbound, E.O.F. programs, and college acceptance in Pre-Med or Pre-dental Financial Assistance Programs are all areas the Guidance Department exposes our students to. Anthony Thomas, essay contest winner, and Hassenah Barnett, human right scholarship, were both recipients of awards initiated through the Guidance Department. Chairperson Mildred Ferraro.

Multi-Media Center

Helen Stone

David Freiss

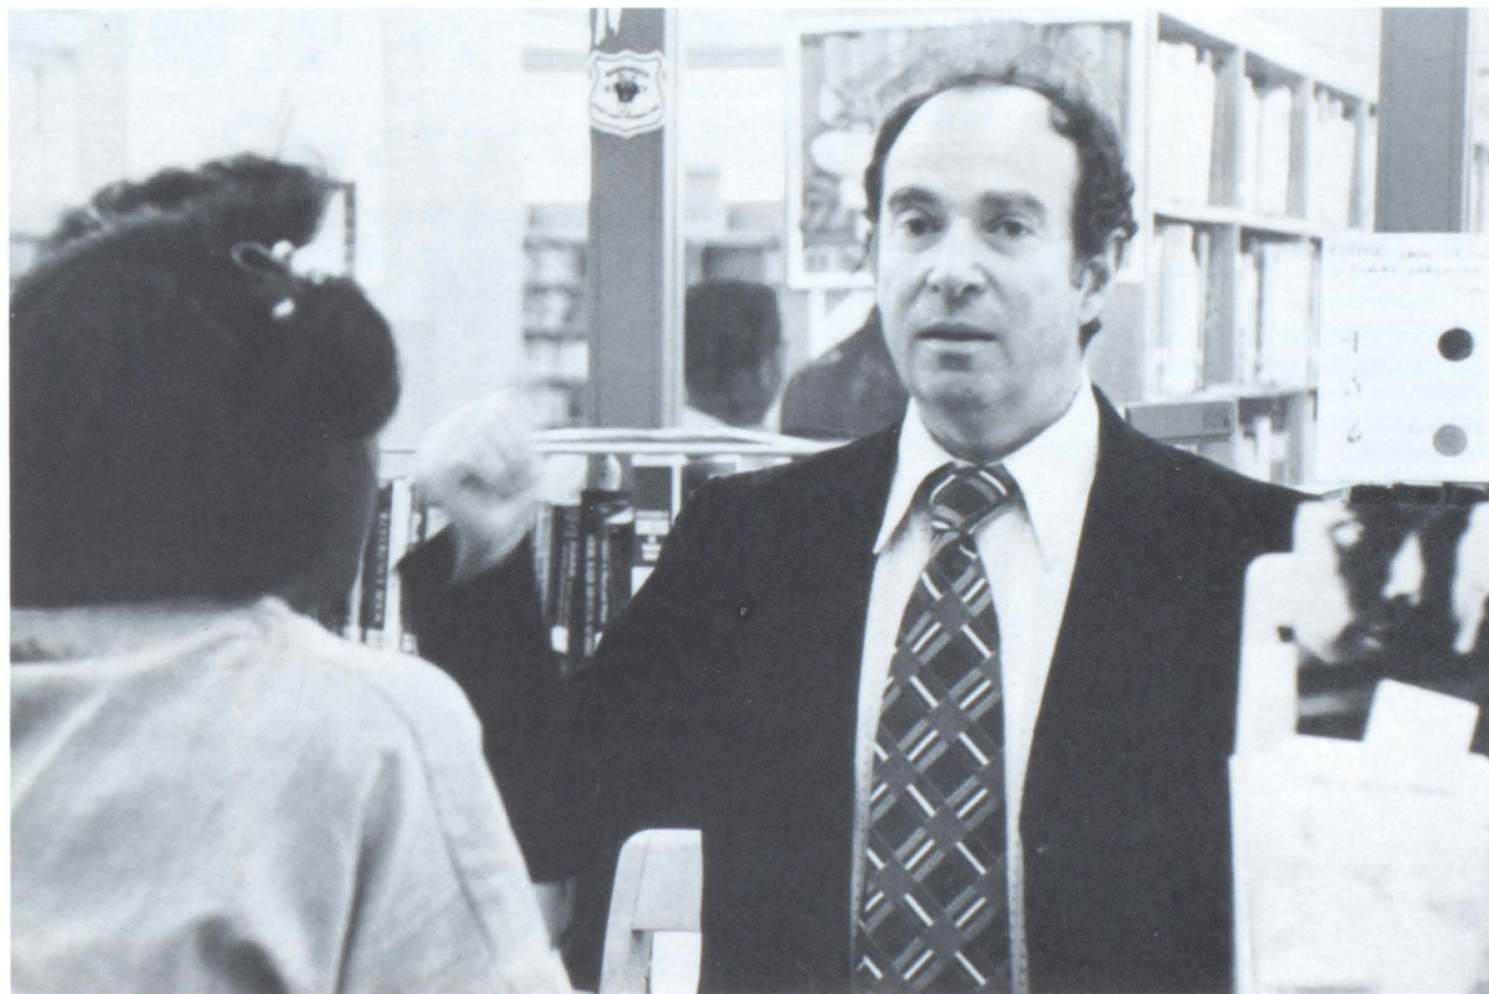

A multi-media center, a study hall, a meeting place, an instructional area, Barringer library has become all of these. Through systematic selection of books pamphlets, records, and magazines, the librarians have accumulated collections of materials most beneficial to students interested, in programs of study. An organized instruction program is available, whereby students are taught the proper use of library facilities. Though our library staff is small, considering the size of the total area, they are accomplished individuals who are always ready to give aid to the student in need of assistance.

Work-Study/Special Educ.

Barringer provides special services to give students that extra hand that is sometimes needed. Mr. John Javornik, Special Education instructor, responds with compassion and understanding to the unique needs of our student body. In the work-study program, Mr. Anthony Carrino seeks out areas of employment and places seniors in actual job situations. This gives participants in the work orientation curriculum the opportunity to complete their studies and be employed simultaneously.

IN FACT, ANY TIME YOU TRY TO CHANGE YOUR SCHEDULE, THEY LOOK AT YOU LIKE YOU'RE NUTS, BUT DON'T LET THEM MAKE YOU FEEL GUILTY ABOUT IT! HOW WERE YOU TO KNOW YOU'D FALL IN LOVE WITH A GIRL IN A DIFFERENT LUNCH PERIOD?

Renaissance Sorority

Renaissance, which means new birth, is one of the few existing high school sororities. Functioning as a social interaction organization, it was established to offer junior and senior girls at Barringer an opportunity to meet new people, learn to work with others and help others, and hopefully a place to begin lasting friendships. The Sorority meets as often as necessary to plan various activities, and discuss any problems academic or social that a member might encounter. Each prospective member must endure an initiation week to prove their dedication to the sorority and the school. Through its fund raising activities, the members were able to fund their prom and class trips.

If an unsuspecting visitor were to walk in on a Yearbook meeting, the scene greeting him would be one of bustling chaos. Working furiously to meet their dead lines, all sections (Photography, Lay-Out, Activities, Sports, Faculty, Seniors) found that a sense of humor, and dedication, helped combat little insignificant details such as scarcity of two essential elements: time and money.

New Coach Continues Winning Ways

Back row: Darryl Smith, Keith Dobbins, Kenneth Reece, Kyle Ambrose, Andre Strickland, Ralph MacCray, George Ricks, Anthony Wyche, Brian Wilson. Tony Scipio, Melvin Burn, Troy Chandler, Ralph George, George Briscoe, Oscar Wilson. Coach: Frank Lucas.

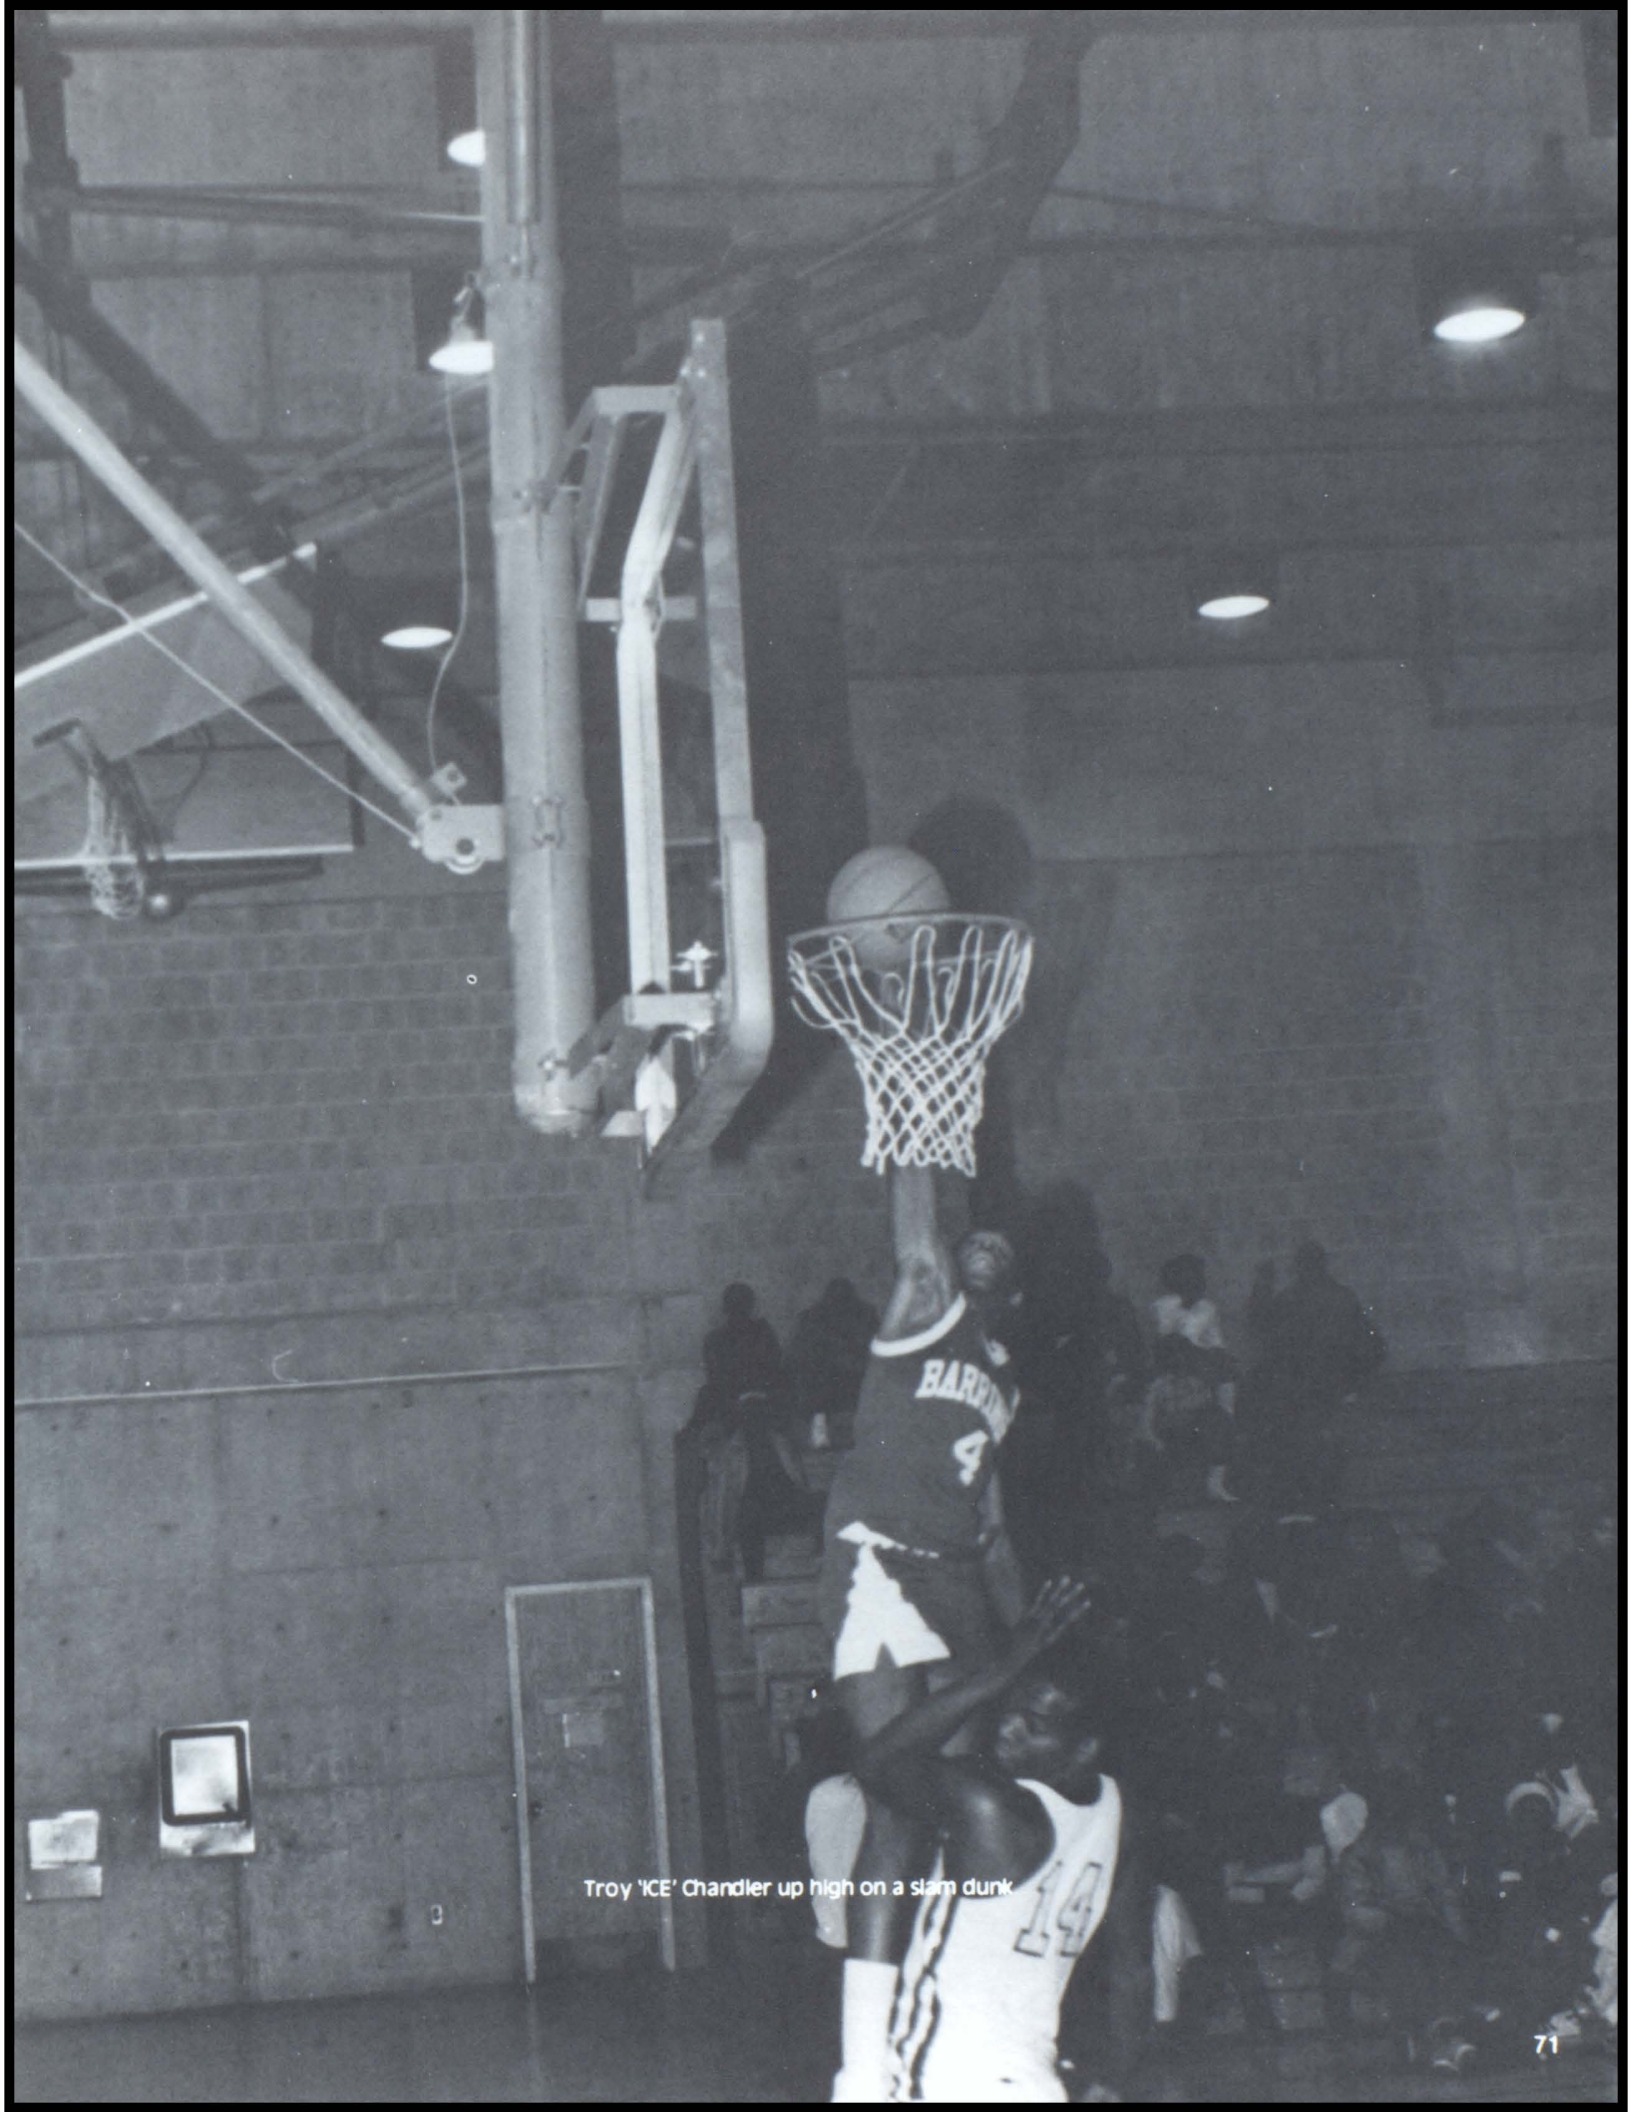

With the emphasis on team ball playing, defense, and hustle, The Blue Bears practiced hard, aimed high, and succeeded in becoming a disciplined squad. Compensating for lack of height, the team unified behind their coach Mr. Frank Lucas to become a club that proved to be a tough competitor for all opposing teams.

In the Essex County Tournament the Bears defeated Arts High 74-49. Then they met Seton Hall ranked No. 16 in the Star Ledger Top 20. They soundly whipped The Hall 70-54. In the Semi-final round the Bears lost to West Side 69-59 to end the season.

This year Captain Troy Chandler was top scorer averaging more than 25 points per game. Kenny Reece and Junior Kyle Ambrose led the team in rebounding. Kenny Reece, Ralph George, and defensive player of the year, George Wicks excelled in defending. Keith Dobbins, Anthony White, and George Briscoe picked up the scoring when Troy slowed down.

Girls Face Rebuilding Year

Top row: Alicia Bey, Lisa Best, Theresa Chetham, Sharon Askew, Twanda Griffin, Desiree Carr. Assistant Coach: Deborah Walker. Head Coach: Marvin Nicholson. Bottom row: Kim Abadia, Theresa Irvin, Adrienne Armstrong, Devon James, Sheila Harrison, Dawn Taylor, Rosa Julivos.

This was a frustrating season for the girls Basketball Team. Under new head coach Marvin Nicholson the team couldn't seem to put together the big plays to turn the season around. High scorer Desiree Carr averaging 12 pts. per the game was one of the bright spots of the season. The top rebounders this year were Twanda Griffin and Desiree Carr. On the defense Adrienne Armstrong and Desiree Carr held the competition back.

Indoor Track On The Way Up

The Indoor Track team under the direction of Leon Grove competed against such opponents as Plainfield, Columbia, Willingboro and Trenton. In this rebuilding year, top performer was Captain Margo Cruz who specialized in the 55 meter and 200 meter dashes. Backing her up were Hasennah Barnette and Charlotte Hall running the 200 and 400 meter dashes. Future prospects are Junior Venus Ingram, Evelyn Johnson and Freshman Rose Funnye.

On the boys side Captain Frankie Singletary led the team in the 55 meter and 200 meter events. Darren Moss took the 5th in the county in the 50 yard dash, Bernard Gordon excelled in the 400 meter run, and Junior Tyrone Elijah ran the 400 and 800 meter events with a full arm cast.

Rookie Coach Creates A Successful Season

Mr. Anthony Molinaro who's brother plays for the Chicago White Sox brings experience and wisdom to the Bears 1982 Baseball Season. His insistence on intense practice, and his concept of maintaining a winning attitude no matter the score, were important principles to carry through this 1982 season. Outstanding Senior players were Ismael Cordero, Edwin Martinez, Barry Mann, Dwayne Ross, and Birdie Serrano. Barry Mann and Dwayne Ross led the pitching staff, while Ismael Cordero's contributions with his glove and bat were the highlights of the year. The successful formula seemed to be a brilliant blending of talented veterans with competent rookies.

Runners Show Determination

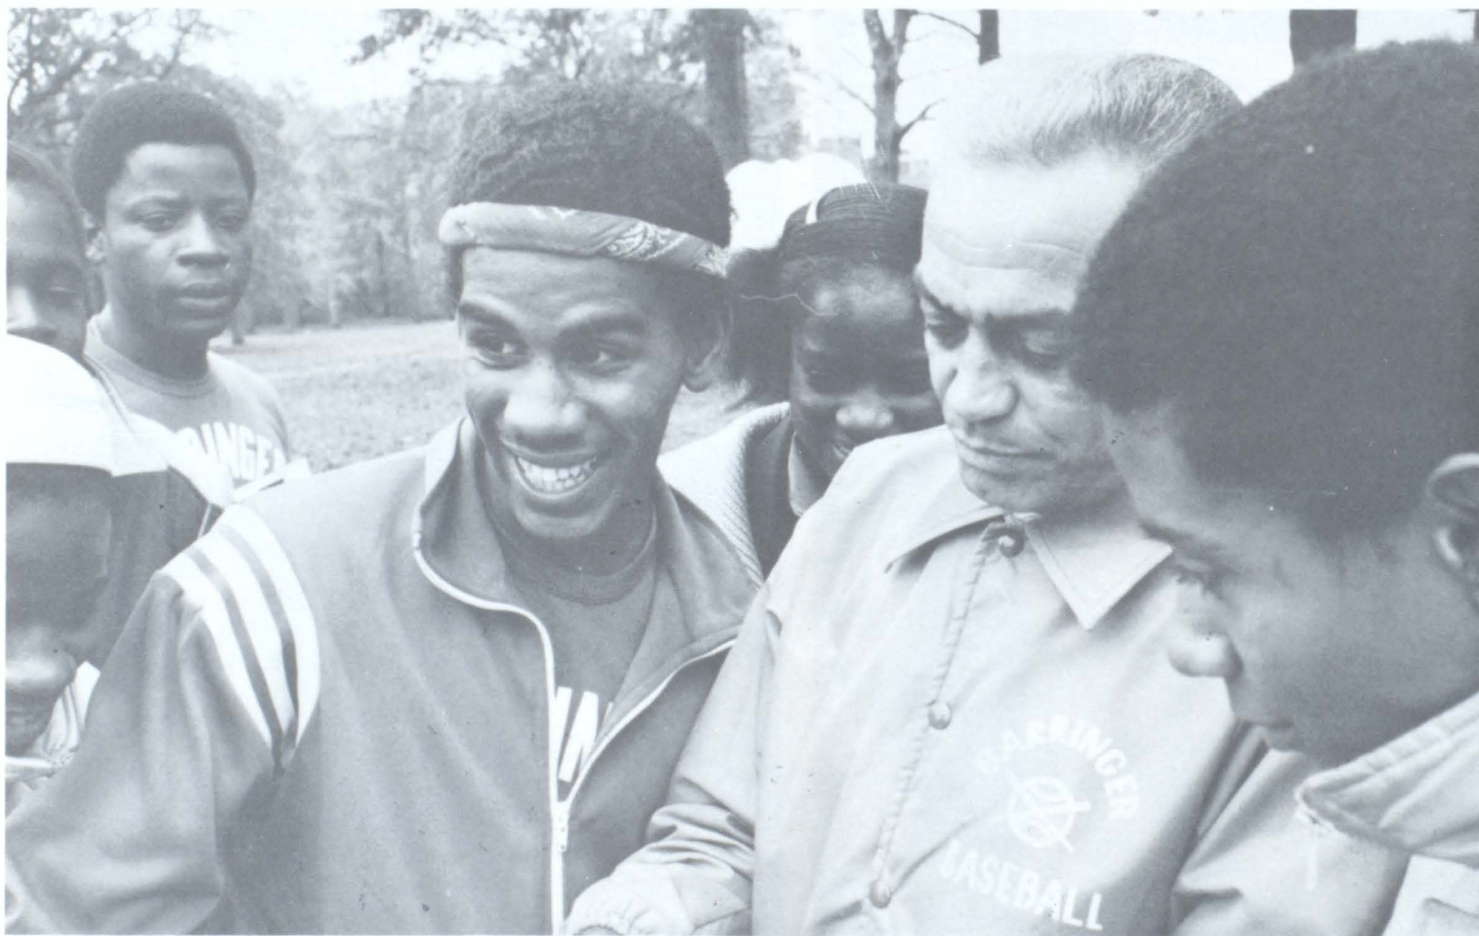

Cross Country is a sport of endurance. Its blood, sweat and tears for 3 grueling miles on various types of terrain. Cross Country compells its participants to overcome many obstacles and dig down deep that last quarter mile. In finishing 3rd in city competition Barringer's team capped a difficult season.

Head Football Coach Sol Johnson, Assistant Coaches Leon Grove, Willie Johnson.

Mr. Sol Johnson's debut as the Bears Football coach resulted in a very successful season. In a rebuilding year, the team compiled a record of 6 wins and 2 losses, 2 ties. After attaining co-championship in city competition, the Big Blue reached the semi-finals of the Group 4 State Championship. In post season play, the team lost to a strong Elizabeth club that eventually won the State Championship.

Principal's View

Achievement

Today the key to success is achievement. "Achievement is - knowing." Think of achievement in three stages.

Stage One - "Yesterday"

Stage Two - "Tomorrow"

Stage Three - "Today"

Think of achievement as "One Day At A Time."

1. Finish every day and be done with it, provided you have done what you could do. That was yesterday.

2. Tomorrow is a new day. Begin tomorrow, forget the nonsense and move forward.

3. Today is precious and should not be wasted on moments that happened yesterday. Today is the time to work and think. Thinking works its way through problems to conclusions and decisions. Thinking makes progress from one place to another.

You will never be sorry for thinking before speaking. Open your eyes and your mind and thus enable yourself to climb the "Ladder of Achievement".

100% - I can

90% - I will

80% - I can

70% - I think I can

60% - I might

50% - I think I might

40% - What is it?

30% - I wish I could

20% - I don't know how

10% - I can't

0% - I won't

Focus on the ladder from 70% up. Less than 70% leaves you without the key to achievement.

Valentine Disco

The Winners of the Valentine Disco were: Mary Rawson, William Rogers, Robin Rogers.

The Valentine Disco was sponsored by the Class of 1982. Members of the class ran for the title of King and Queen. As a fund-raiser the contestants sold votes for 25c. The winners were selected upon the amounts of votes sold. On the night of the disco, the winners were announced and trophies were presented.

Welcome Back Disco

Sept. 25, 1981

This disco was sponsored by the Class of 1982 as a social event to welcome all of Barringer's students back to school and as a means of wishing them an enjoyable and successful school year. The disco was held on September 25, 1981 from 7:00 p.m. - 11:30 p.m. in the gymnasium.

Variety Show

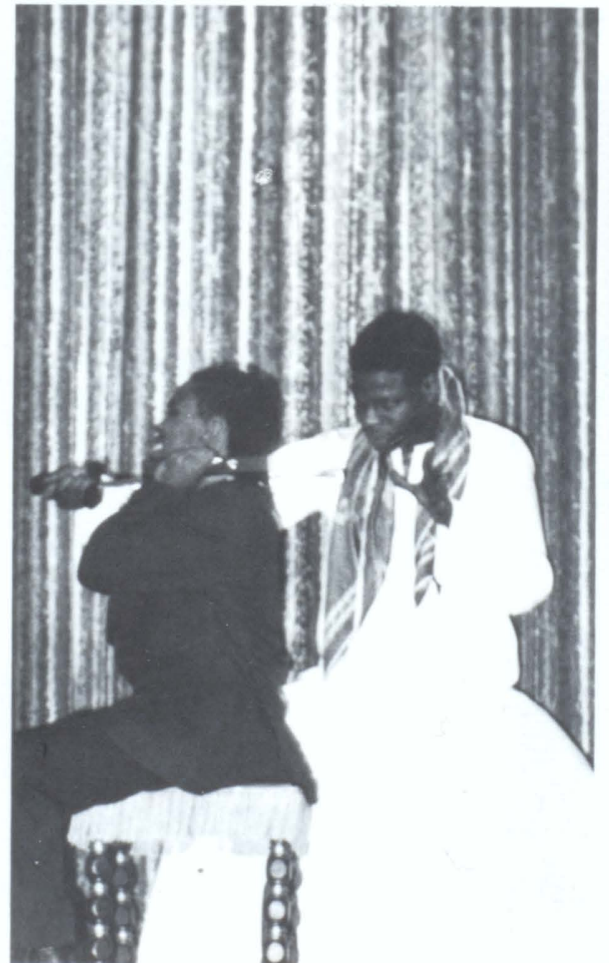

The Variety Show was sponsored by the Class of 1981 and the Class of 1982. The show featured talent from Barringer High School. Tryouts were held prior to the show. Students auditioned for the following categories: dance, vocal, band and fashion. Selections were made by a panel of teachers. Participants were announced and rehearsals followed. The show was given on May 15, 1981 at 7:30 p.m. in the school auditorium. There was a large turnout, and the show was an extreme success.

Believe In Yourself

If you believe with-in your heart, you'll know
that no one can change the path that you must go.
Believe that you feel and know you're right because
the time will come around when you'll say it's yours.

Believe there's a reason to be,
believe you can make time stand still;
and know from the moment you try
if you believe I know you will.

Believe in yourself right from the start
you'll have brains, you'll have a heart.
You'll have courage to last your whole life through.
If you believe in yourself. If you believe in yourself.
If you believe in yourself as I believe in you.

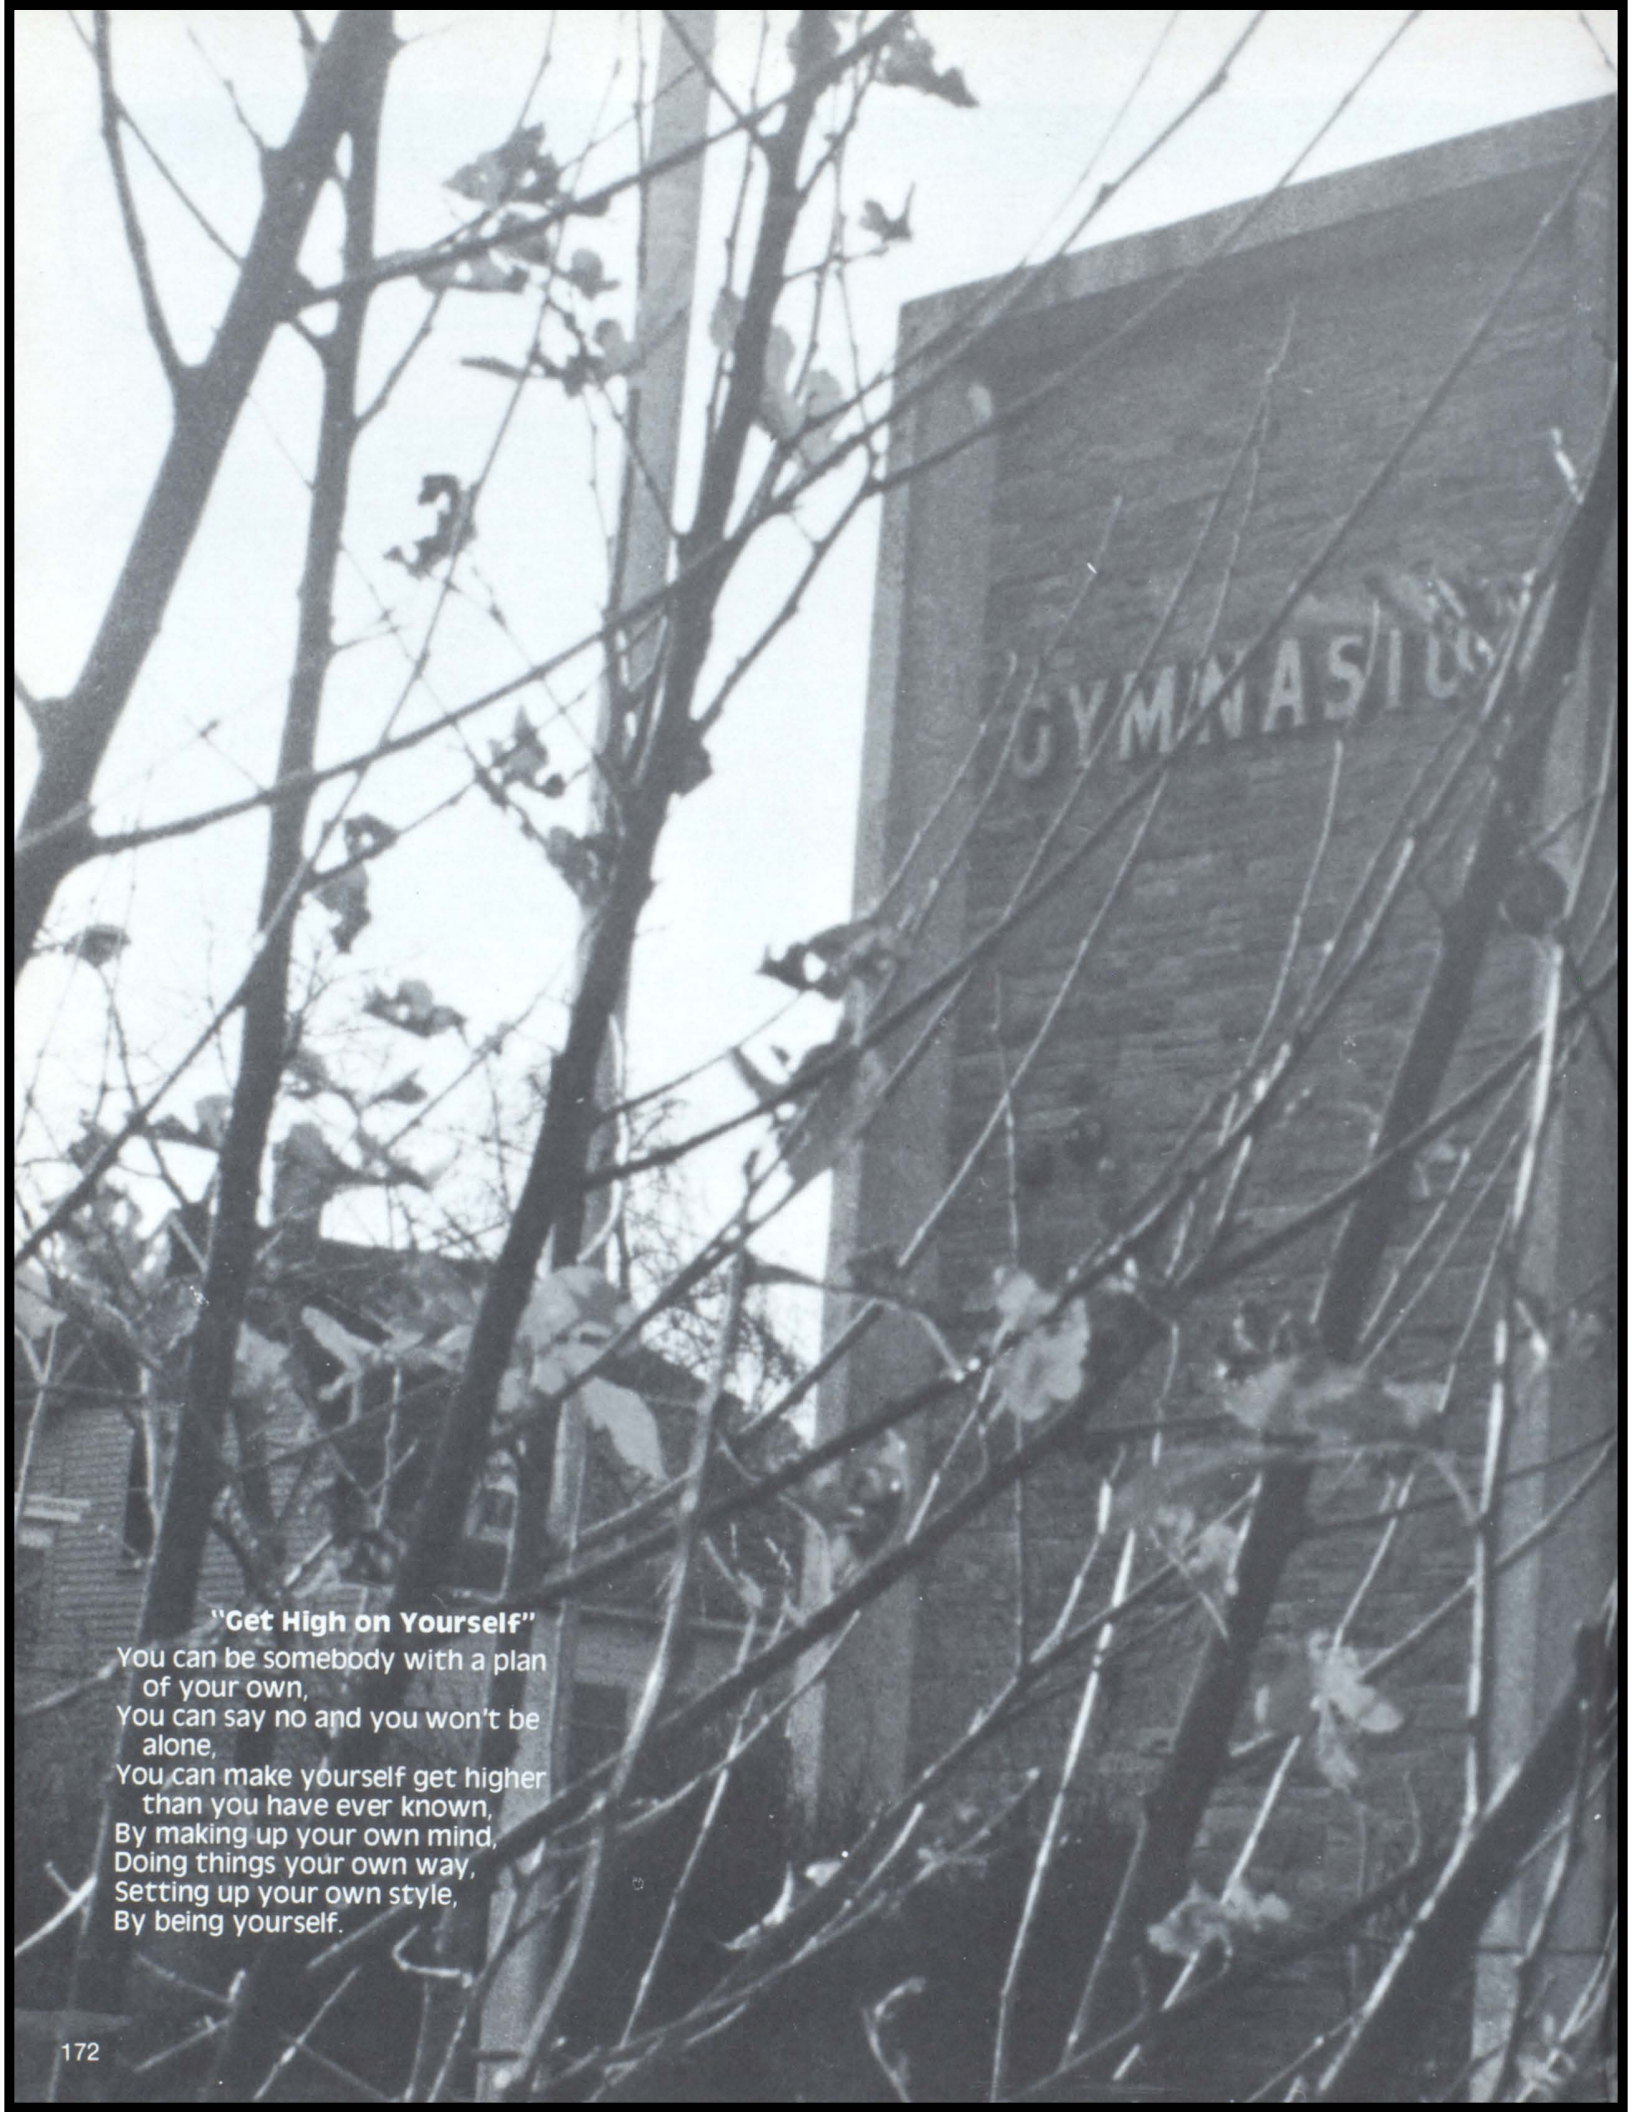

Believe that you can go home, believe that you can float on air;
then click your heels three times if you believe then
you'll be there. Believe in yourself right from the
start, believe in the magic right there in your heart.

Believe all these things not because I told you to, but believe
in yourself if you believe in yourself just believe in yourself as I believe in you.

GYMNASIUM

"Get High on Yourself"

You can be somebody with a plan
of your own,
You can say no and you won't be
alone,
You can make yourself get higher
than you have ever known,
By making up your own mind,
Doing things your own way,
Setting up your own style,
By being yourself.

LET ME LEARN

I can see it
Shining somewhere
Bright lights somewhere invite me
to come there and learn
And I'm ready.

I can hear it
Sirens singing
Inside my ear I hear them
singing,
"Come learn"

Who knows,
Maybe, all the visions I can see
Maybe waiting just for me to say,
"Take me there"
And make me see it
Make me hear it
I know it's so
I know that it's real maybe.

Let me learn

It's So Hard To Say Goodbye To Yesterday
(G.C. Cameron)

How do I say goodbye to what we had
The good times that made us laugh out-weighed the bad
I thought we'd get to see forever
But forever has blown away
It's so hard to say goodbye to yesterday
I don't know where this road is gonna lead to
All I know is where we've been and what we've been
through
It's so hard to say goodbye to yesterday
And I'll take with me the memories
To by my sunshine after the rain
It's so hard to say goodbye to yesterday.

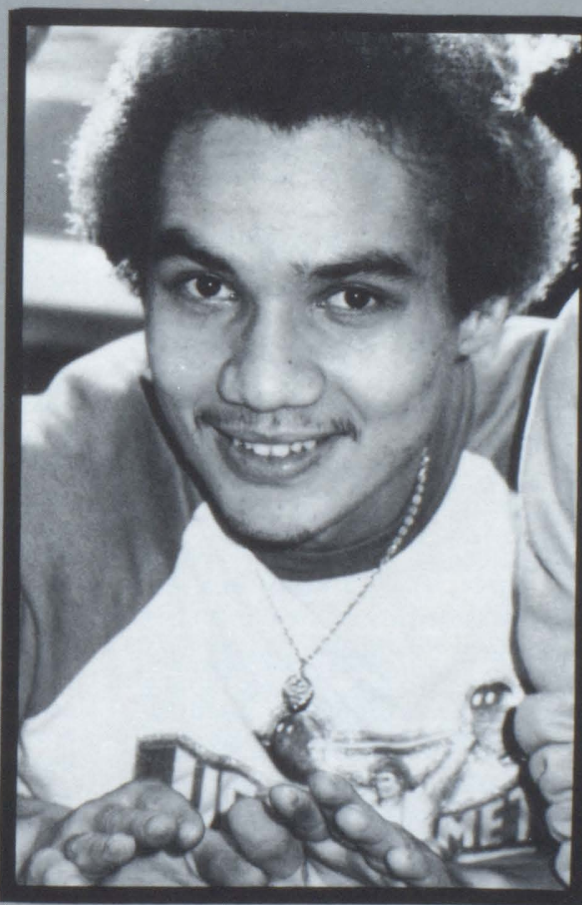

DESTINY

Probe the universe at your will.
Find what you must find.
Go to all corners of all galaxies.
But on any planet you go to
you won't find your destiny,
for it lies within you.

FOR CYNTHIA HUTCHINS Class of 1982

Cynthia! May the joy and happiness that fill us upon your graduation be with you throughout your lifetime. Our prayers are that you continue up the road of success using your education and talents to make your way easy. Then, should your pathway become bumpy, always remember the faith and love we have for you will be with us whenever you are in need.

May God bless and keep you forever in his loving care, and may you never give us any reason to lose the proud and the wonderful feeling in knowing we are the proud grandparents of such a lovely young lady.

Love ya,

Your Proud Grandparents
Margaret H. Rouse
&
Charlie Hutchins

TO CYNTHIA HUTCHINS Class of 1982

If you were to become the President of the United States or win the sweepstakes, none of these things would make us as proud as having you for an auntie, sister, and daughter. May the thrill of this graduation remain a pleasant memory in your future years. May it exemplify one of the great turning points in your life.

Far after you graduate, you will face the world as a woman and no longer be considered a girl. Here's something for you to remember, Cynthia. You are the one who has to decide whether to do good or toss your education aside. You are the one who has to make up

your mind whether to lead or linger behind. Will you try for the good things that lie ahead or would you rather be content and stay where you are?

Think it over, it will give you something to do. After thinking it over, it's entirely up to you.

Love Ya,
Your nieces Amirah & Sakinah
Sisters Renee, Lasaundra, &
Cecelia, Mom & Dad Leila &
Freddie Hutchins

To the Graduating Class of 1982

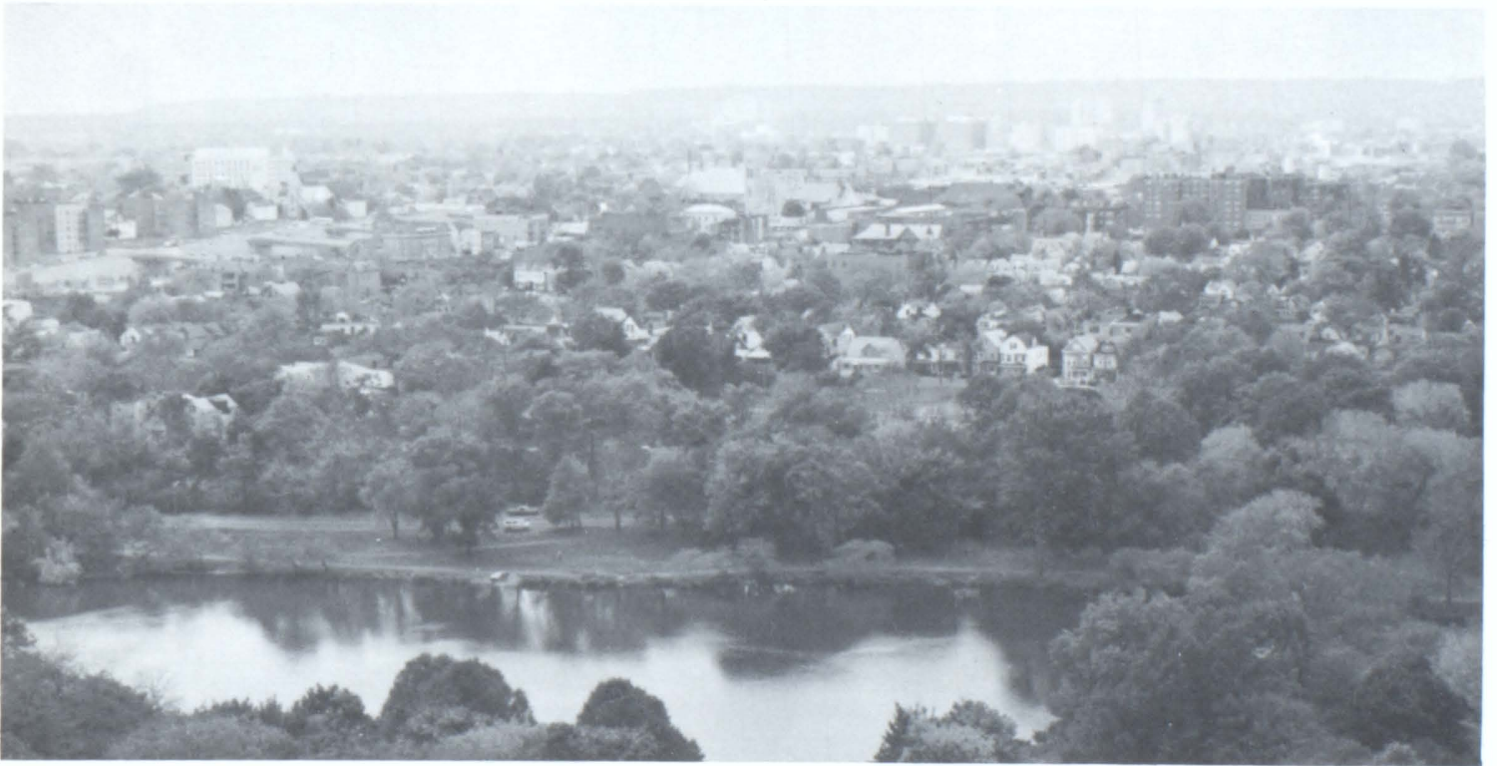

**Often your tasks will be many,
And more than you think you can do. . .
Often the road will be rugged
And the hills insurmountable, too. . .
But always remember, the hills ahead
Are never as steep as they seem,
And with Faith in your heart start upward
And climb 'til you reach your dream,
For nothing in life that is worthy
Is ever too hard to achieve
If you have the courage to try it
And you have the Faith to believe. . .
For Faith is a mover of mountains,
There's nothing that God cannot do,
So start out today with Faith in your heart
And "Climb 'Til Your Dream Comes True!"**

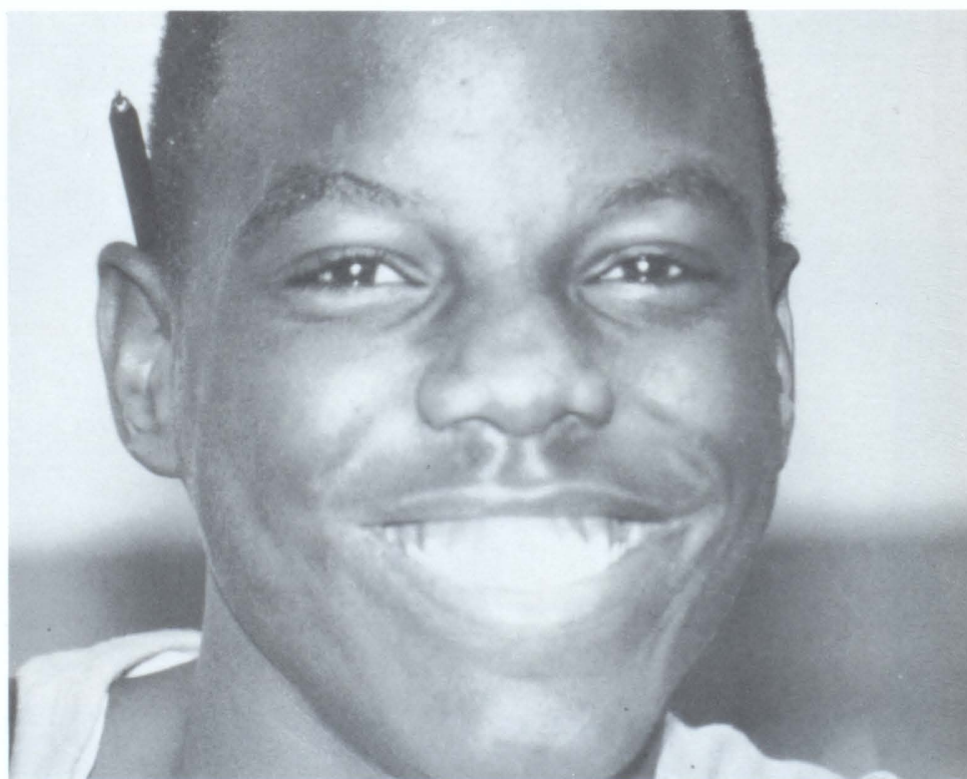

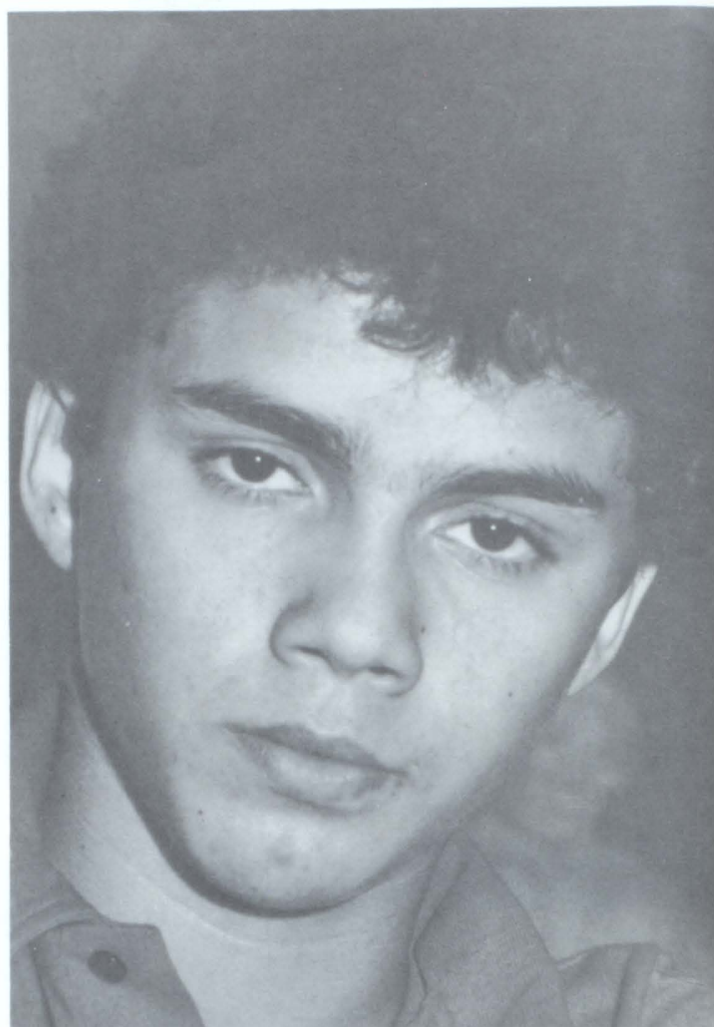

**Love,
Mrs. J. Quartello**
